Gourmet Luncheon and a  
tour of the priceless  
miniature rooms and  
houses of  
Susan Chusid  
Moorpark  
\$ 45**

Susan Chusid's home is filled with extraordinary treasures, none more wonderful than the miniature rooms exactly to scale, furnished with Persian carpets and delicately hand-carved furniture that probably took more skill and time to create than their full sized counterparts.! Each detail is perfect. The paintings on the walls are exquisite! Note "Girl with a Pearl Earring" to the right.

Collectors from around the globe come to enjoy and study Susan's remarkable boxes and to take classes from her.
