### Timeless Visions

A studio visit to experience the mythic art  
of Leigh J. McCloskey in Malibu  
Google: Leigh J. McCloskey, Forth Magazine

**Tuesday, March 23<sup>d</sup>**  
**9:20 am to approximately 3 pm**  
**\$55 per person**

This double-feature carpool trip will take us from the TO Transportation Center to Camarillo for an hour-long docent led tour of a magnificent display of birds, bird nests and the largest collection of bird eggs in the world.

After a drive down the Pacific Coast Highway, we'll picnic at the Malibu home of Carla & Leigh McCloskey, and then literally walk into a spectacular and mystical 3-D painting created by artist/actor Leigh McCloskey while he explains the inspiration and vision that turned a furnished room with all its contents into a work of art. Leigh's beautiful painting is matched by his incredible conception of this experience. *Not to be missed!* Detailed directions and maps will be provided to all, and carpools will be created about March 18th.
